

Kūlaris™ emerges as a transformative solution to acne vulgaris, a condition affecting 9.4% of the global populace. With synergistic roots in the guggul and konjac extracts, Kūlaris™ offers hope to both adolescents and adults, presenting a natural alternative to combat the psychological and aesthetic impacts of acne.

- **GLOBAL ACNE CHALLENGE:** Acne vulgaris ranks as the 8th most prevalent skin disease, affecting a significant portion of adolescents and adults.
- **ACNE'S COMPLEX CAUSES:** Factors like hormonal activity, abnormal skin shedding, Cutibacterium acnes colonization, and inflammation intertwine, with dietary influences like high glycemic foods potentially exacerbating severity.
- **PROVEN EFFICACY:** Beyond traditional treatments, Kūlaris™, derived from guggul extract, has undergone rigorous clinical trials, showcasing reductions in acne and improvements in overall well-being.
- Free of the 8 major food allergens
