- ✓ pH & Alkaline

VIDYA QUALITY

NCBI ACCREDITED

We believe deeply in the integrity of our strains. We utilize genome sequencing with the National Center for Biotechnology Information (NCBI), and proudly offer three officially registered strains:

- *Bacillus Coagulans*
- *Bacillus Subtilis*
- *Bacillus Clausii*

STRUCTURE/FUNCTION CLAIMS

We strive to deepen our understanding of probiotics through comprehensive clinical trials, exploring their influence on digestive and immune health, cognition, and even dermatological conditions.

IN-HOUSE PRODUCTION

Utmost precision and care begin in our state-of-the-art facility nestled in the heart of Bangalore, India, where we create and nurture our probiotic strains.

SPORE STRAINS

Bacillus coagulans

Bacillus clausii

Bacillus subtilis

NON-SPORE STRAINS

Bifidobacterium bifidum

Bifidobacterium lactis

Bifidobacterium longum

Bifidobacterium animalis

Bifidobacterium breve

Bifidobacterium adolescentis

Lactobacillus brevis

Lactobacillus rhamnosus

Lactobacillus casei

Lactobacillus reuteri

Lactobacillus plantarum

Lacticaseibacillus paracasei

Lactobacillus salivarius

Lactobacillus johnsonii

Lactobacillus acidophilus

Streptococcus thermophilus
